

Centro Maria Mazzarello ALESPI, Inc.
ALESPI in The Heart of PR
Fundraising Campaign

Description:

The fundraising campaign is an initiative of the Maria Mazzarello ALESPI Center, Inc. to raise funds for the reconstruction and repair of its facilities, and to increase its scholarship fund. The campaign will extend from October 2024 to November 2027 and has the goal of raising a total of \$1,000,000.00.

General Qualitative Outcomes:

- Greater community participation: The organization is financing community events and creating new spaces like the sports shelter and the food collection center.
- This could lead to a greater sense of belonging, more partnerships, and a greater participation of the community in the activities of the organization.
- Improvement of well-being: By improving its facilities, they could expect to see a greater use and a greater sense of satisfaction on the part of the community.
- This could include factors like the improvement of physical health, mental well-being, and social connection.
- Better educational opportunities: Increasing the scholarship fund could lead to a greater diversity and inclusion in its educational programs, and to better educational outcomes for the students who otherwise could not attend.
- Greater organizational reputation: A successful campaign could elevate the profile of the organization, generate trust with the interested parties, and position them as a leader in their community.
- Greater resilience: Investing in a long-term sustainability plan could make the organization more adaptable to change, better equipped to handle challenges, and ensure its continuous service to the community during the years to come.

About the Skylight Roof Project for the Atrium in the Maria Mazzarello ALESPI Center, Inc.

This project promises a series of positive results that go beyond the immediate improvement of the infrastructure. These are some of the key anticipated benefits:

Improvement of the facilities:

- Greater safety and comfort: The new skylight roof will improve the safety and the comfort of the residents and the staff by providing protection against the elements and creating a more pleasant environment.
- Greater natural light: The skylights will introduce natural light into the atrium, creating a brighter and more welcoming atmosphere.
- Improved aesthetics: The renovated atrium will be a visually more attractive space, contributing to a positive and uplifting environment.
- Greater functionality: The covered atrium can be used for a wider range of activities, regardless of the weather conditions.

Impact on the community:

- Expanded programming: The renovated space will allow the Maria Mazzarello ALESPI Center, Inc. to expand its programming and offer more services to the community, especially for families, elderly, and youth.
- Greater community participation: The patio will serve as a hub for community activities, fostering social interaction, collaboration, and a sense of belonging.
- Improvement of well-being: Access to a safe and welcoming outdoor space can contribute to the physical and mental well-being of the residents, the staff, and the members of the community.
- Stronger community alliances: The project will facilitate collaboration with local community centers, churches, and other organizations, which will lead to shared resources and a more cohesive community.

Organizational benefits:

- Improved reputation: Successfully completing this project will improve the reputation of the organization as a responsible and impactful community leader.
- Greater funding opportunities: Demonstrating its capacity to manage complex projects can lead to greater funding opportunities and partnerships in the future.
- Improvement of staff morale: Investing in the facilities and creating a more positive environment can increase the morale and the motivation of the staff.
- Sustainability: The project contributes to the long-term sustainability of the organization by improving its infrastructure and strengthening community relationships.

By achieving these results, the Skylight Roof Project will not only improve the physical environment, but will also create a positive lasting impact on the lives of the people served by the Maria Mazzarello ALESPI Center, Inc. and the surrounding community.

The funds raised during the campaign will be destined to the following areas of investment:

• Construction Translucent Roof:	690,000
• Increase of the scholarship fund:	65,000
• Equipment and furniture for the sports shelter:	50,000
• Rehabilitate the courts:	100,000
• Construct a food collection center:	35,000
• Add bathrooms next to the court:	30,000
• Organize community events:	30,000
• TOTAL:	1,000,000

Our deepest gratitude goes out to everyone who has united their heart with ours to safeguard the education and dreams of our young people, all under the watchful gaze and boundless love of God.
